BAYLISS HULL FIFTEEN:  
IN PRODUCTION

*"The trend in the custom sportfish yacht industry is that the boats are getting bigger and bigger. This is the first time Bayliss Boatworks has been able to offer a boat of this size this close to delivery."*

Bayliss Boatworks Hull 15 is available, and is scheduled for delivery late summer / fall 2012. At 80' with a 5 stateroom, 5 head layout, the boat is designed not only to travel but also to fish effectively. Hull 15 is at the stage of construction that is perfect for a new owner to be able to choose interior details, soft goods, electronics, A/V, etc. For more information, **visit our website or schedule a visit to tour our facilities and Hull 15 in person.**

# HULL 15 DETAILED
