

JUST SPLASHED BY JEFF MERRILL

BAYLISS 65

The latest splash from Bayliss Boatworks, the 65' Lights Out, features an abundance of teak including the transom, aft bulkhead and cover boards plus an exquisite interior that includes a blend of ocean blues and grays with glossy, curved teak veneers. Blue bahia granite and white Carrera marble countertops plus ultra suede cushions and LED lighting create an elegant decor. Other unique features include a flat screen TV which rises from a salon cabinet, a hidden gun locker, a wine rack which slides out of an armrest and a top bunk that turns and disappears into a teak wall to reveal a hand-carved wooden marlin. There's also a rod and reel locker that slides out of a wall in the stairwell.

The peninsula console bridge features two helm chairs, custom wrap-around forward seating, a huge freezer and a refrigerated drink box plus a navigation system and electronics suite in a layout that's simple, clean and effective. The cockpit has a stainless steel grill, live well, rod storage, ice bin and stainless steel freezer plus air-actuated gaff locker doors, mezzanine-style seating, air-conditioning and an air-actuated drop down monitor. Flying and fixed gaffs, tagging sticks and enough tackle to stock a small shop are cleverly stowed in air-actuated lockers throughout the vessel. Belowdeck there's three full staterooms including a forward master plus three full heads. The galley to port has all the necessities to prepare a gourmet meal on an extend voyage and has seating on two stools plus additional seating in a U-shaped dinette to starboard. **Contact: Bayliss Boatworks at 252-473-9797 or on the web at www.baylissboatworks.com.**

BROOKS 34

The new Brooks 34 has all the capabilities of a sport fishing yacht that can travel safely offshore at contemporary speed while offering all the comforts of a well-appointed cruiser. With its full bow flare and tumble-home aft, it is available with a variety of engine options including twin Yamaha outboards, twin inboards or pod drives with power from Volvo or Zeus. The highly functional console offers room for a full electronics suite with full access to the backside for inspection, maintenance and additions. Side-by-side helm chairs keep the captain and his guests at the same level of vision and comfort while underway while an L-shaped lounge area aft of the helm offers additional seating on Ultraleather upholstery and storage below.

Below deck the cabin layout includes a wrap-around settee and a galley designed to carry and prepare food while providing storage for cutlery, containers and dinnerware. The settee converts either to twin berths or a single spacious queen thanks to a Hi-Lo table. Below the cabin entryway is a single berth that can expand to a double. Other cabin features include ample storage and an entertainment center. A full head includes toilet with 20-gallon holding tank, sink and shower, vanity and mirror. Cockpit features include transom door, fish box with macerator pump, bait prep center with freshwater sink, cutting board, tackle storage, and bait storage and a transom livewell/ fish box. Popular options include a bait freezer, bow thruster, Palm Beach helm pod, cockpit air conditioning, teak cockpit and anchor windlass. **Contact: Brooks Boatworks at 252-974-1005 or on the web at www.brooksboatworks.com.**
